

BORN TO PERFORM

Your child's first introduction to baseball/softball

The Mission of Drive Performance is to **"Make Every Player Great"**. We believe that by starting early, players can develop a solid path toward proper athletic development, as well as significant personal growth throughout their lives through the game of baseball/softball. Born to Perform is the first step in a player's journey towards this path of growth and development.

Born to Perform is a program that aims to teach young player's proper techniques and fundamentals right off the bat. This helps children develop good habits that lead to safety and success, both on and off the field.

Drive Performance offers a fun and safe sports environment, where children can build confidence and self-esteem, as they become familiar with the proper way to play the game.

Highlights include:

- Throwing, catching, hitting, fielding and base running skills.
- Game situations, rules and problem solving.
- Develops better hand-eye coordination.
- Enhances flexibility, stretching, agility and body control.

Contact Drive Performance at (847) 229-1009 for more information about the next Born to Perform session and teach the next generation about the game we love.
